

crb_close_string_literal

while

```
graph RL; while[while] --> crb_close_string_literal[crb_close_string_literal];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'crb_close_string_literal'. The box on the right is white and contains the text 'while'. A dark blue arrow points from the right side of the 'while' box to the left side of the 'crb_close_string_literal' box.
